Disclaimer

The content found in this document is intended for staff using the OR PTC DCI system.

Who uses the Web Portal?

Providers

- Enter historical time and mileage entries.
- View/Edit entries.
- View authorizations and available balance for a given pay period.
- Use the messaging module.

Consumers/Consumer Employer Representatives (CERs)

- View entries made by their provider(s).
- Signoff on or reject entries.
- Use the messaging module.

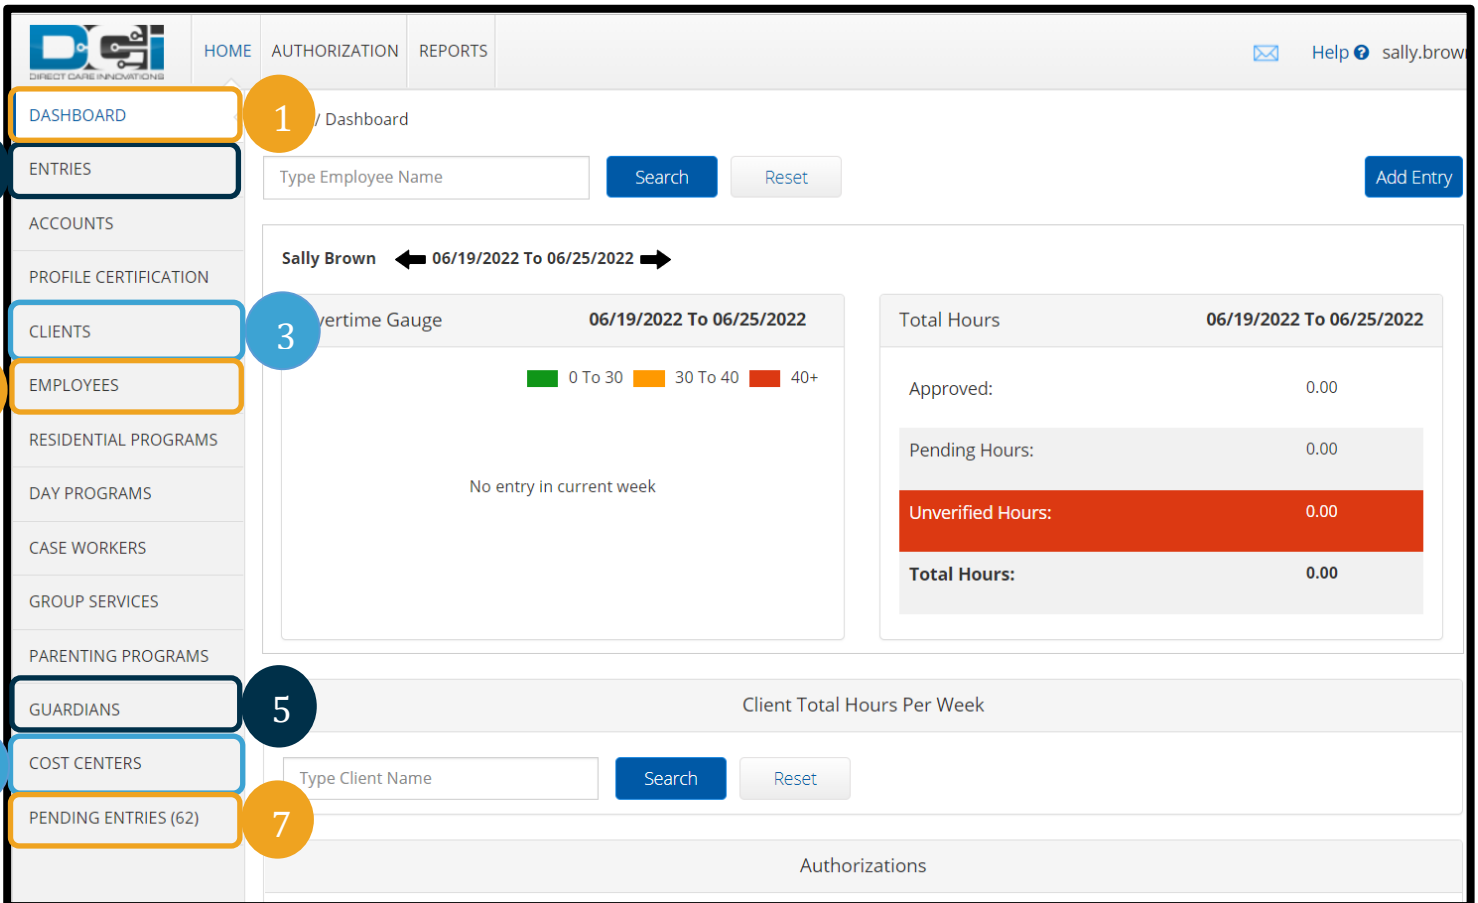

Staff

- Track/Update provider, consumer, and CER information.
- View/Edit a provider's time.
- Pull time for providers to be entered into STIM.

Menu Overview

After logging into the web portal, staff will see the following:

1. **Dashboard:** View high priority message alerts, Overtime Gauge, Client Total Hours Per Week widget, Authorizations widget.
2. **Entries:** This will be blank for staff.
3. **Clients:** Click to view all consumers in cost centers you have a role over.
4. **Employees:** Click to view all providers.
5. **Guardians:** Click to view all consumer employer representatives (CERs) in cost centers you have a role over.
6. **Cost Centers:** Click to view all Cost Centers you have a role over.
7. **Pending Entries:** Click to view all pending entries in cost centers you have a role over.

The screenshot shows the Staff Web Portal interface. The top navigation bar includes 'HOME', 'AUTHORIZATION', and 'REPORTS'. The user is logged in as 'sally.brow'. The left sidebar contains a menu with items: DASHBOARD, ENTRIES, ACCOUNTS, PROFILE CERTIFICATION, CLIENTS, EMPLOYEES, RESIDENTIAL PROGRAMS, DAY PROGRAMS, CASE WORKERS, GROUP SERVICES, PARENTING PROGRAMS, GUARDIANS, COST CENTERS, and PENDING ENTRIES (62). The main content area displays the 'Dashboard' for 'Sally Brown' for the period '06/19/2022 To 06/25/2022'. It features an 'Overtime Gauge' showing 'No entry in current week' and a 'Total Hours' summary table. The summary table shows: Approved: 0.00, Pending Hours: 0.00, Unverified Hours: 0.00, and Total Hours: 0.00. Below the summary is a 'Client Total Hours Per Week' section with a search bar for 'Type Client Name'. The bottom of the page shows the 'Authorizations' section.

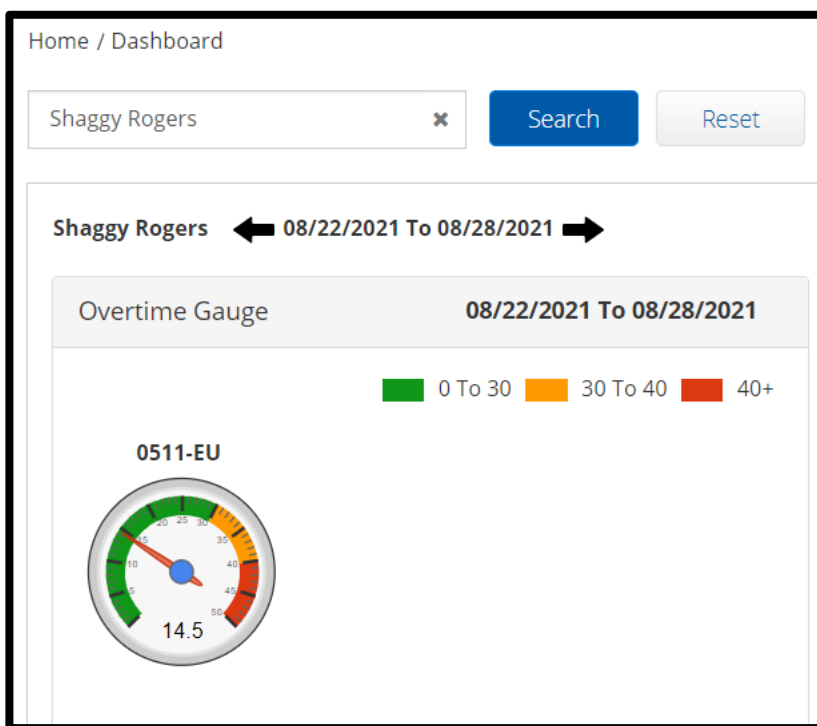

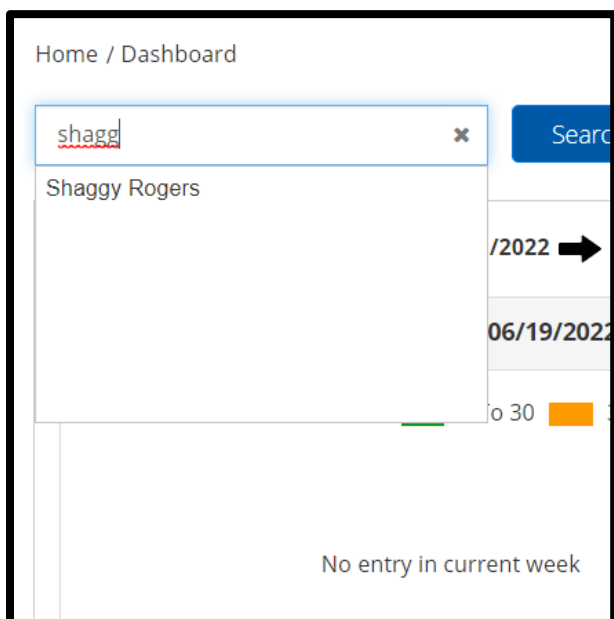

Total Hours	06/19/2022 To 06/25/2022
Approved:	0.00
Pending Hours:	0.00
Unverified Hours:	0.00
Total Hours:	0.00

Dashboard Overview

Overtime Gauge

The Overtime Gauge is present on the dashboard for all users with an Employee Profile (this includes providers and staff).

- Staff with the supervisor or auditor role can view the Overtime Gauge for any provider. To view the overtime gauge, type the provider's name into the search bar at the top of the dashboard.
- The arrows on each side of the date can be used to toggle between different weeks for the provider Overtime Gauge being viewed.
- This gauge can be useful to get an overview of the hours a provider is working.

Authorizations

The Authorizations section on the Dashboard is available to the following user types:

- Employee Profile with the Supervisor Role (most staff fall into this category), though they can only look at consumers in Cost Centers they have this role over.
- Employee Profile with no role (providers)
- Client Profile
- Guardian Profile (CER)

The Authorizations section on the Dashboard is visible on the user's main dashboard under the Home Tab.

The screenshot shows the Staff Web Portal dashboard. At the top, there is a navigation bar with 'Home / Dashboard'. Below it, there is a search bar for 'Type Employee Name' with 'Sally Brown' and a date range '02/12/2023 To 02/18/2023'. There are 'Search' and 'Reset' buttons. Below the search bar, there is an 'Overtime Gauge' for the period '02/12/2023 To 02/18/2023' with a legend for '0 To 30', '30 To 40', and '40+'. The gauge shows 'No entry in current week'. To the right, there is a 'Total Hours' section with 'Approved:', 'Pending Hours:', 'Unverified Hours:', and 'Total Hours:'. Below this, there is a 'Client Total Hours Per Week' section with a search bar for 'Type Client Name'. At the bottom, the 'Authorizations' section is highlighted with a yellow border, containing a search bar for 'Type Client Name' and 'Date of Service' with 'Search' and 'Reset' buttons.

Note: Approved hours on the overtime gauge are **not** the providers approved hours to work. Approved hours are the number of hours in an approved status the provider has claimed.

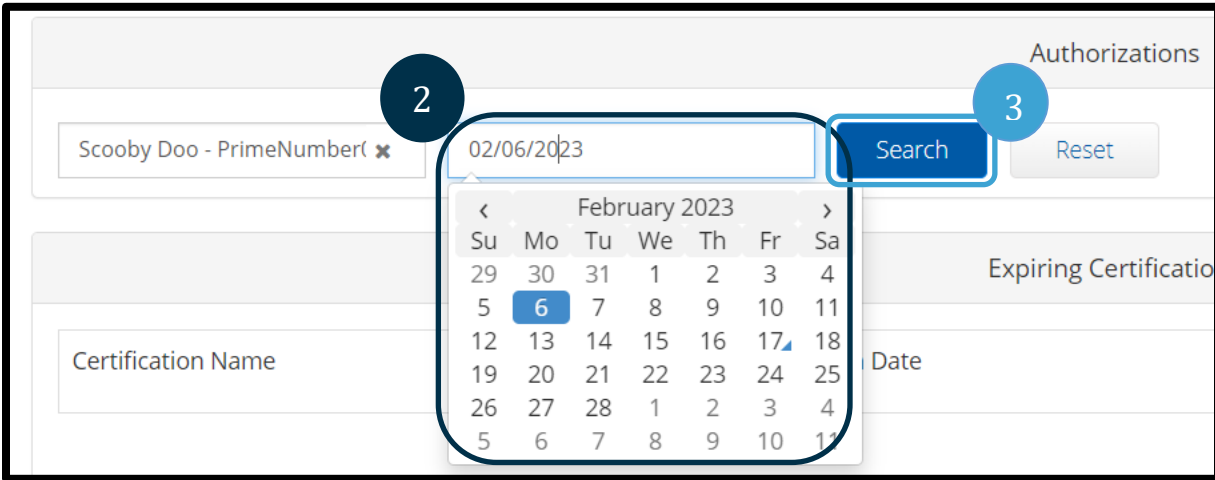

To find authorizations for consumers in the Cost Center you have a role over:

1. Start typing the consumer's name and select the appropriate consumer from the list that appears.

The screenshot shows the 'Authorizations' search interface. There is a search bar with 'scoo' entered, a 'Date of Service' field, and 'Search' and 'Reset' buttons. A dropdown menu is open below the search bar, showing 'Scooby Doo - PrimeNumber00010'. A yellow circle with the number '1' is placed over the dropdown menu. Below the search bar, there is an 'Expiring Certifications' section with a 'Certification Expiration Date' field.

Note: The value to the right of the consumer's name is the consumer's Prime Number, which is the Client ID field on the consumer's profile.

2. Enter a date during the pay period you want to find authorizations for in the Date of Service field. For example: If you enter the date 2/6/2023, results will include authorizations for the pay period 1/29/2023 through 2/11/2023.
3. Click Search.

4. The Authorizations section on the Dashboard will display the following:
- Service Code:** Service Code indicates which provider this authorization is for. The number at the end of the service code references a specific provider this consumer is linked to. To determine which provider this is, go to the consumer's profile, click Accounts towards the bottom, and scroll to find the provider associated with this service code.
 - Start Date:** The authorization's start date (also the voucher's start date).
 - End Date:** The authorization's end date (also the voucher's end date).
 - Initial Balance:** The total number of hours or miles authorized.
 - Remaining Balance:** The total number of hours or miles in an approved, processed, or paid status.
 - Pre-Authorization Holds:** The total number of hourly entries in a pending or unverified status.
 - Current Available Balance:** Current number of hours or miles remaining on the authorization.

Authorizations

Scooby Doo - PrimeNumber ✕ 02/06/2023 Search Reset

Authorization for Client: **Scooby Doo**

Service Code	Start Date	End Date	Initial Balance	Remaining Balance	Pre Authorizations Holds	Current Available Balance
Hourly ADL/IADL-1	01/29/2023	02/11/2023	20.00	0.50	0.00	0.50
Mileage-1	01/29/2023	02/11/2023	10.00	10.00	5.00	5.00

Client Total Hours Per Week

This is a quick way to determine how many hours all providers for a particular consumer have worked in a week.

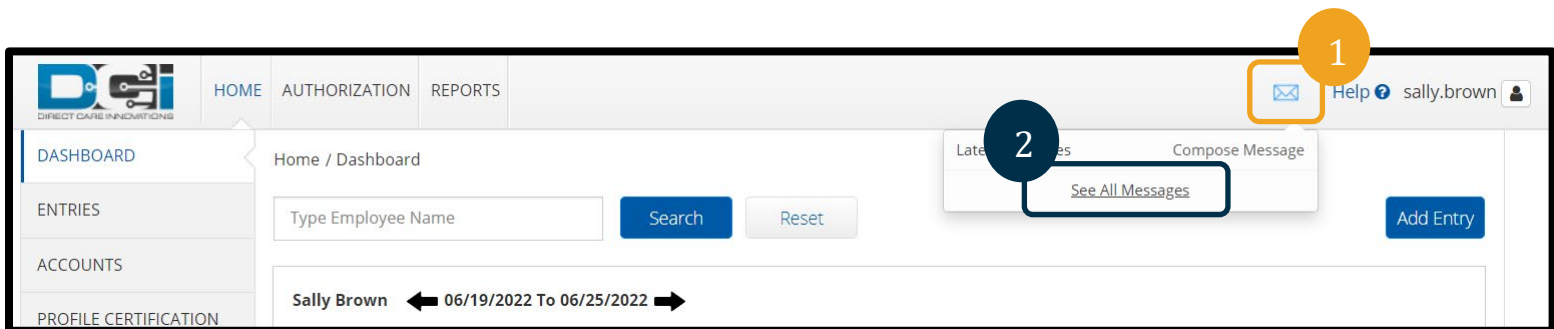

Client Total Hours Per Week								
Scooby Doo - PrimeNumber00010 <input type="button" value="Search"/> <input type="button" value="Reset"/>								
Scooby Doo ← 06/12/2022 - 06/18/2022 →								
Total Hours Per Week								
	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Weekly Total
Employees	06/12/2022	06/13/2022	06/14/2022	06/15/2022	06/16/2022	06/17/2022	06/18/2022	
Shaggy Rogers	0.00	0.00	0.00	0.00	2.00	0.00	0.00	2.00
Total	0.00	0.00	0.00	0.00	2.00	0.00	0.00	2.00

Messaging Module Overview

The Messaging Module allows users to send messages to and receive messages from other OR PTC DCI users. It also allows users to receive automated messages from OR PTC DCI.

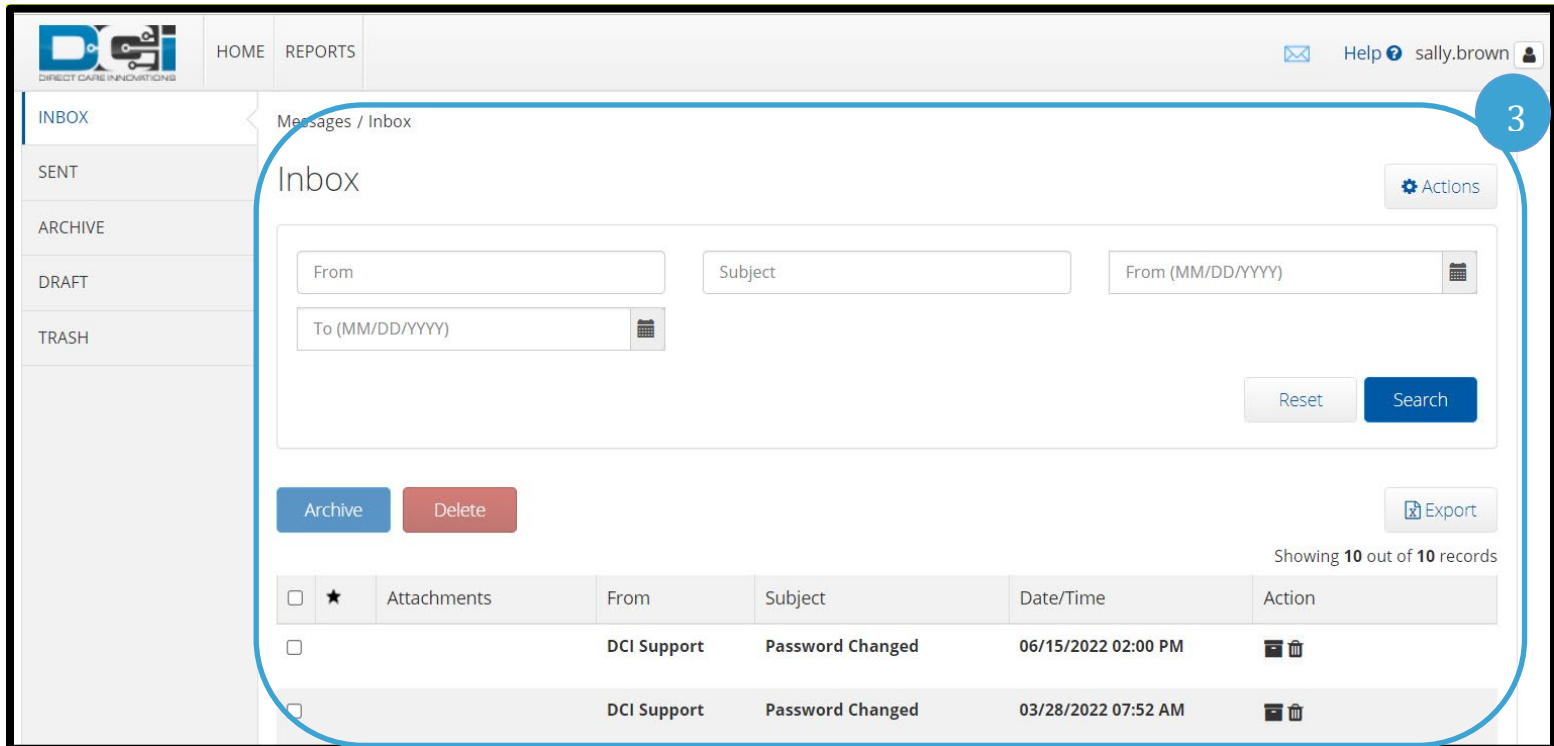

To access the Messaging Module:

1. Click the envelope in the upper right-hand corner of the screen.
2. Click See All Messages.

Note: While a red bar will appear across the top of the Dashboard screen if there are unread high priority messages, there is no indicator on the envelope itself to alert the user when there is a new regular priority message.

3. The Inbox will display. If you are looking for specific messages, you can use the search functionality.

Messaging Module Restrictions

Users can only send messages to specific individuals based on the Cost Centers they have roles over.

- Supervisor Role can direct messages to the following individuals associated with their Cost Center(s)
 - Providers
 - Consumers
 - Consumer Employer Representatives
 - Other staff with the Supervisor Role
 - PTC Support Team
- Auditor Role can direct messages to the following individuals associated with their Cost Center(s)
 - Supervisor Role
 - Payroll Team Role
- Payroll Team Role can direct messages to the following individuals
 - Providers

Messaging Module – Notifications

OR PTC DCI sends automated messages when certain events happen.

Events that trigger automated messages for different types of users include:

- All Users
 - **Reset Password** - A profile's password was reset by an administrative user.
 - **User Locked Out** - A profile is locked out due to entering an incorrect password five times in a row.
 - **Changed Password** - The user changed their own password.
 - **User Unlocked** - A profile is unlocked after being locked.
 - **PIN Changed** - A profile PIN is changed.
- Payroll Batch Specialist
 - **Processed** - Payroll batch has finished processing.
 - **Approved** - Payroll or billing batch has finished approval process.
- Providers
 - **Signoff Rejected** - Client or guardian rejected one of your entries.
 - **Approved Authorization Related Business Rule Violation** - An entry that violated an authorization related business rule was approved by staff.
 - **Business Rule Validation Failed** - At least one enabled business rule failed for a particular entry.
 - **Unverified Punch Created** - Staff added a punch on behalf of the provider or edited an existing punch, resulting in an unverified punch.
 - **Compensate Punch Created** - An approved punch was canceled. A compensating punch is an offsetting punch that was created to cancel out the original approved punch.
