

### Partial Day Absent Entries For Residential and Parenting Programs

# **How to Add Absent Entries**

**Description:** If a individual is absent or attends a partial day at a residential or parenting program, an absent entries can be created.

To create an absence entry open the residential or parenting program and then:

- 1. Select Actions
- 2. New Entry

### **Complete the Absent Entries Form**

- 1. Select Absent for the Entry Type
  - a. The Resd Program name and Account Type fill in automatically
- 2. Enter the Client Name
- 3. Select the Service Code Check Box
- 4. Select the Check Out time
  - a. For partial days, select the time the client checked out and then add the time they checked back in
  - b. Use this for same day check outs and check ins like a day program

Help **2** matthew cava

# **Import for Partial Day Entries**

If you use partial day absences the system will not generate attendance entries for that day so you must use the import for those dates.

The fields needed for import:

- AccountID
- Amount
- EntryReference
- StartDate
- EndDate
- DiagnosticCode
- PayRate
- ImportStatus
- ItemID
- ImportReason
- DCI will not allow a user to create an attendance entry for a date for which an attendance entry already exists
- DCI will allow a user to create an attendance entry for a date for which an absent entry already exists

# Thank you!
