

August 2021 Release Notes

Just a quick note to inform you that Arabic will be available on **August 30, 2021**. As with other languages, multi-language functionality is available to base users (Employee Profiles with no roles/permissions) and Client Profiles. If you need a refresher on multi-language functionality (released last month), check out the following in the Help Center:

- [Setting Preferred Language](#)
- [User Guide: Select Preferred Language](#)

In addition, the DCI Web Portal will now notify the user when the session is about to expire as shown in the screen shot above. Although this is a small release, it still requires a bit of downtime and an app update! The system will be unavailable to all users from **Sunday, August 29th at 11:30 PM to Monday, August 30th at 1:30 AM MST (2 hours)**. We apologize for any inconvenience this causes. Be sure to update your app on the 30th as well! As always, please reach out to your DCI Account Rep if you have any questions.
