What do the fields EVV and EVV Compliant mean in DCI?

The following fields **DO NOT** mean that the entry has EVV or is EVV Compliant. EVV and EVV compliant requirements vary by state. Only your state can verify that the requirements have been met. When calculating your organization's EVV compliance percentage, please refer back to your state's website /aggregator portal.

EVV Field

The EVV field documents if the punch entry collected client attestation. The EVV field is located on the punch entry details page in the EVV Details widget and may be included on reports in DCI. The client attestation is the functionality of collecting (at clock in, clock out, clock in and clock out, or clock in, clock out and defined intervals) one of the following options:

- Pin/Password
- E-Signature
- Picture
- FOB
- Voice
- Portal Signoff

EVV Compliant Field

The EVV Compliant Field documents if the punch entry collected date, start time, end time and location are verified. The EVV field is located on the punch entry details page in the EVV Details widget and may be included on reports in DCI. EVV compliant requirements are different for each state. Only your state can verify that the requirements have been met. When calculating your organization's EVV compliance percentage, please refer back to your state's website/aggregator portal.
